# Word Association Test (WAT) ISSB Preparation

The Word Association Test (WAT) is an important psychological test at ISSB. Candidates are shown a series of words (one by one) for a very short time, and they must quickly form a meaningful sentence using that word. The purpose of this test is to evaluate your natural thinking, personality traits, and attitude.

---

## 2. Instructions

- You will be shown **100 words** one after another.
- Each word will appear for **15 seconds**.
- You must write the **first meaningful sentence** that comes to your mind.
- Avoid memorized or fake sentences – write naturally.
